

Dear Guest,

WELCOME TO MOUNTAIN CABIN ACHILL.
Thank you for booking with us and we hope you have an amazing stay on Achill Island.

We are happy to share our special getaway, which we find to be a very tranquil and calming space. The views over Keel Lough, to Keel strand and the Minuan cliffs, are spectacular.

We use this cabin to unwind, to recharge and to enjoy the slower pace of life Achill has to offer. We have provided a 'tech break' box to store your mobile phones and other devices, when not in use. We use this box to give us some time offline.

Feel free to enjoy our small library of books, which can be found in the living room. If you wish to take a book home, please leave one in its place. There are also some board games and puzzles to pass the time in the cabin – just don't get too competitive.

This information pack includes some essential information for your stay, along with some of our recommendations. There is so much to see and do on Achill, and in the surrounds, that this is only a teaser.

Enjoy your stay, we hope you love it as much as we do.

Darran & Eoin
